NEW YORK, NY / ACCESSWIRE / March 31, 2017 / The Pawar Law Group announces a class action lawsuit on behalf of Signet Jewelers Limited (SIG) investors who purchased Signet stock between August 29, 2013 and February 27, 2017, inclusive (the "Class Period"). The suit is for recovery of investor losses.

To participate in this class action lawsuit, visit the firm's website at <http://pawarlawgroup.com/cases/signet-jewelers-limited/> or email Vik Pawar, Esq. at vik@pawarlawgroup.com or call toll free at (866) 999-0873.

No class has been certified in the above action yet. Until certification occurs, you are not represented by an attorney. You may choose to take no action and remain a passive class member.

According to the complaint, Defendants issued false and misleading statements and/or failed to disclose adverse information regarding Signet's business and prospects, including that alleged sexual harassment by employees of Signet's Sterling Family of Jewelers division ("Sterling"), including numerous incidents of sexual assault and rape, which were detailed in approximately 249 declarations signed under penalty of perjury by current and former Sterling employees, made it unlikely that Signet would be able to avoid paying a sizable amount of damages in connection with a class action lawsuit filed by Sterling employees. As a result of this information being withheld from the market, Signet's stock traded at artificially inflated prices during the Class Period, reaching a high of \$150.94 per share. When the true details entered the market, the lawsuit claims that investors suffered damages.

If you wish to serve as lead plaintiff, you must move the Court no later than May 30, 2017. A lead plaintiff is a representative party acting on behalf of other class members in directing the litigation.
