

SIG INVESTOR ALERT: Khang & Khang LLP Announces a Securities Class Action Lawsuit against Signet Jewelers Limited and Encourages Investors with Losses Over \$100,000 to Contact the Firm Saturday, June 10, 2017 03:59:00 AM (GMT)

IRVINE, CA / ACCESSWIRE / June 9, 2017 / Khang & Khang LLP (the "Firm") announces the filing of a securities class action lawsuit against Signet Jewelers Limited ("Signet" or the "Company") (NYSE: SIG). Investors who purchased or otherwise acquired shares between August 29, 2013 and February 27, 2017, inclusive (the "Class Period"), are encouraged to contact the Firm in advance of the **updated July 5, 2017 lead plaintiff motion deadline**.

If you purchased shares of Signet during the Class Period, please contact Joon M. Khang, Esq., of Khang & Khang LLP, 18101 Von Karman Avenue, 3rd Floor, Irvine, CA 92612, by telephone at (949) 419-3834, or by e-mail at joon@khanglaw.com.

There has been no class certification in this case yet. Until certification occurs, you are not represented by an attorney. You may choose to take no action and remain a passive class member as well.

The Complaint states that during the Class Period, Signet issued false and misleading statements and/or failed to disclose that alleged sexual harassment by employees of Signet's Sterling Family of Jewelers division ("Sterling") - including numerous incidents of sexual assault and rape which were detailed in approximately 249 declarations signed under penalty of perjury by current and former Sterling employees - made it unlikely that the Company would be able to avoid paying a sizable amount of damages in connection with a class action lawsuit filed by Sterling employees. Signet's stock traded at artificially inflated prices throughout the Class Period as a result of this information being withheld from the market. On February 27, 2017, *The Washington Post* published a report revealing widespread allegations of sexual harassment made in the private arbitration that implicated Signet's senior managers and executives. Following the release of this news, Signet's stock price dropped materially, which caused investors harm.
