

Verizon to Exhibit at Black Hat USA 2012, July 21-26
Friday, July 20, 2012 12:00:00 PM (GMT)

LAS VEGAS, July 20, 2012 /PRNewswire/ -- Verizon will be on hand at the [Black Hat USA 2012](#) conference Saturday through Thursday (July 21-26). Company experts will showcase identity management services, managed security services and investigative response services designed to protect enterprises from data breaches and other cyberattacks. In addition, the authors of the "Verizon Data Breach Investigations Report" series will be at the company's booth to answer questions and provide security insight and analysis.

WHERE: Black Hat USA 2012
Caesars Palace Hotel
3570 Las Vegas Blvd. South
Las Vegas, Nev. 89109
Booth #121

BACKGROUND: Black Hat USA 2012 provides briefings and training to leading corporations and government agencies around the world. Black Hat differentiates itself by working at many levels within the corporate, government and underground communities. This unmatched informational reach enables Black Hat to be continuously aware of the newest vulnerabilities, defense mechanisms, and industry trends. Its flagship event hosts more than 6,000 high-level security professionals for some of the most interesting and provocative presentations so far this year.

Verizon provides secure technology solutions to government agencies and business around the globe. To learn more, visit Verizon at booth #121 or online at verizon.com/enterprise.
