For 2020, Cigna surpassed Military Friendly® benchmarks in all of the categories which included hiring and onboarding veterans and military spouses, opportunity and advancement, culture and commitment, support and retention, policies and compliance, and recruiting and sourcing.

"At Cigna, we value the unique skills and professionalism offered by veterans and military spouses. Their fortitude to innovate and ability to work as a team directly correlates with our success in providing the highest quality of care to our 170 million customers around the world," said Cigna's Vice President of Diversity, Inclusion, Civic Affairs, and the Cigna Foundation Susan Stith. "We're honored to be recognized for exceeding all benchmarks as we continue to be proactive in enhancing our workforce policies that acknowledge the challenges faced by active duty families and employees who are transitioning into their post-military career."
