

**WSJ's Heard on the Street column advises against buying on #MeToo allegations**  
**Thursday, July 12, 2018 09:59:05 AM (GMT)**

- The column says that Wynn Resorts and Nike probably rebounded so quickly after reports of sexual harassment at the companies because their fundamentals haven't changed, but weak corporate governance often leads to major problems (think Volkswagen), and sexual harassment claims can result in discrimination claims that cost money or talent either leaving or not joining a company.
