

TripAdvisor's Viator notified 1.4M customers of data breach (19-Sep)
Monday, September 22, 2014 02:30:42 PM (GMT)

- In a press release dated 19-Sep, Viator notified customers of a data breach that the company learned of 17 days earlier after it was informed of a number of unauthorized charges on customers credit cards.
 - "On 2-Sep, we were informed by our payment card service provider that unauthorized charges occurred on a number of our customers' credit cards."
- TRIP shares have traded down from \$97 in reaction to circulation of the link.
