

Personal details of 10.7M MGM Resorts guests posted on hacking forum - ZDNet
Thursday, February 20, 2020 03:28:04 AM (GMT)

- An MGM Resorts spokesperson confirms to ZDNet that the company was the victim of a data breach last year, it is "confident that no financial, payment card, or password data was involved in this matter," and affected guests were promptly notified.
- ZDNet reports that the leaked files include details like name, address, phone number, email, and date of birth.
- Having contacted some of the guests, ZDNet confirms MGM's claim that the data is old, as none of the guests ZDNet spoke with had stayed in the hotel after 2017.
