The Home Depot Announces Third Quarter Results; Updates Fiscal Year 2017 Guidance Tuesday, November 14, 2017 11:00:00 AM (GMT)

ATLANTA, Nov. 14, 2017 /PRNewswire/ -- The Home Depot®, the world's largest home improvement retailer, today reported sales of \$25.0 billion for the third quarter of fiscal 2017, an 8.1 percent increase from the third quarter of fiscal 2016. Comparable store sales for the third quarter of fiscal 2017 were positive 7.9 percent, and comp sales for U.S. stores were positive 7.7 percent.

Net earnings for the third quarter of fiscal 2017 were \$2.2 billion, or \$1.84 per diluted share, compared with net earnings of \$2.0 billion, or \$1.60 per diluted share, in the same period of fiscal 2016. For the third quarter of fiscal 2017, diluted earnings per share increased 15.0 percent from the same period in the prior year.

"Though this quarter was marked by an unprecedented number of natural disasters, including multiple hurricanes, wildfires in the West, and earthquakes in Mexico, the underlying health of our core business remains solid," said Craig Menear, chairman, CEO and president. "I am proud of our team and suppliers for their extraordinary efforts to support those in the path of the various natural disasters throughout the quarter. Our support of the impacted communities continues."

Impact of Hurricanes in the Fiscal Third Quarter

The Company estimates that hurricane-related sales positively impacted comparable store sales growth by approximately \$282 million in the fiscal third quarter. The gross margin on these hurricane-related sales was considerably less than the Company average. In the fiscal third quarter, the Company also incurred approximately \$104 million of hurricane-related expense. As a result of the hurricanes, the Company's operating profit was negatively impacted by approximately \$51 million in the fiscal third quarter.

Updated Fiscal 2017 Guidance

Based on its year-to-date performance, underlying strength of the core business, and projected hurricane recovery sales, the Company lifted its fiscal 2017 sales growth guidance and now expects sales will be up approximately 6.3 percent and comp sales will be up approximately 6.5 percent. The Company also raised its diluted earnings-per-share growth guidance for the year and now expects diluted earnings-per-share growth of approximately 14.0 percent from fiscal 2016 to \$7.36. The Company's diluted earnings-per-share growth guidance includes the impact of \$8 billion of share repurchases for fiscal 2017.
